PWS60	20	Toyota Landcruiser 60 series	880 x 400 x 110
PWS80	25	Toyota Landcruiser 80 series	1030 x 520 x 110
PWS100	25	Toyota Landcruiser 100 series	1030 x 520 x 110
PWS120P	20	Toyota Prado 120 series	840 x 520 x 110
PWGU	20	Nissan GU Patrol	960 x 330 x 150
PWNMP	90	Pajero under floor cavity	850 x 500 x 230 ⁺

⁺ This is the height of the bladder, add 70mm to include fittings height

Please note that where universal bladders are mentioned as compatible, you have the option of using a PW35, PW55, or PW75 across the rear seat foot well, cargo area, and/or on the rook rack. If used in the cargo area or on the rook rack, these bladders will need to be strapped down using the tie points to secure the bladder whilst traveling. (Note: RQP = Rear Quarter Panel, RHS = Right Hand Side, LHS = Left Hand Side)

Whilst we have endeavoured to list as many vehicles as possible, there always remains other models and makes available we have not covered. As mentioned, most models will be able to have a universal bladder installed in them, so get down to your local ARB or TJM dealer to discuss the bladders and get one today!!!

We also would love to hear from you should you think you have any ideas on how we can grow our popular rear quarter panel range as well as any customer design bladders you may have in mind. Please do not hesitate to contact us on 1300 306 000 or sales@floatpac.com and we will be happy to assist you with your recommendation or enquiry.
